Co-Organizer:

Nikolay Viktorovich Lyubimov, Governor of Ryazan Region;
Implementation of the Programme "Digital Economy"
Evgeny Vladimirovich Kovnir, CEO of ANO Digital Economy*
Digital Transport and Logistics
Anton Sergeevich Zamkov, CEO of RT-Invest Transportniye Systemy LLC
Vladislav Valerievich Onishchenko, Head of the Analytics Centre under the Government of the Russian Federation*;
Natalia Ivanovna Kasperskaya, CEO of InfoWatch Group*;
Representative of **Yandex**.*

11:45 – 12:15

Coffee break

11:45 – 12:15

Media-scrum, signing of agreements

12:15 – 14:00

Session. Digital Technologies on Transport: Logistics, Safety, Services.

Moderators:

Mikhail Yakovlevich Blinkin, Chairman of the Public Council of the Ministry of Transport of the Russian Federation, Director, Institute of Transport Economics and Transport Policy at Higher School of Economics, Member of the Supervisory Board of Digital Era of Transport Association*;

Fedor Balandin, host of information programs at Moskva 24 TV Channel

Invited Persons:

Role of the National Project "Safe and Quality Automobile Roads" in Digitalisation of Urban Agglomerations"

Igor Georgievich Astakhov, Deputy Head, Federal Road Agency

Intelligent Control System of the Crimean Bridge

Yury Vladimirovich Safonov, Chief Engineer of "Taman" Federal Public Institution.

Management of Transport Flows and Infrastructure During FIFA World Cup 2018

Vadim Yurievich Yuriev, Head of the State Budgetary Enterprise Centre of Traffic Management, Transport and Infrastructure Department of Moscow*

Telecommunication Equipment of Transportation Infrastructure – Business Perspective

Konstantin Vladimirovich Marchenko, Deputy CEO of T8 LLC

From the digital map to a high precision geoinformation model for BIM problem solving and unmanned technologies.

Andrey Vladimirovich Vavilin, CEO of Energo

Simulation modelling technologies as a tool to ensure quality of transportation infrastructure.

Alexei Georgievich Pashkevich, CEO of the Institute for Development of Transportation Systems LLC

14:00 – 15:00

Lunch

Session. Let's Network Together: Car – Road – Person (Cooperative ITS, v2x, v2i, v2v). On the way to total safety of road traffic and autonomous driving.

It has been proven by experts that a triple alliance is essential: infrastructure – vehicle – person. Such an ecosystem does not only radically increase safety of road traffic, but also creates a massive market of services. When are we going to move from theoretical concepts of “cooperative ITS, v2x, v2i, v2v” to practice? An overview of current solutions.

Moderators:

Vasily Borisovich Kurguzov, Deputy Director of the Federal Public Institution “Rosdorinformsvyaz”

Sultan Vladimirovich Zhankaziev, Department Chairman, MADI

15:00 – 16:15

Participants of the Session

Topic to be confirmed

Alexei Konstantinovich Semenov, Director of the Department of Development Programmes of the Ministry of Transport of the Russian Federation

Development and Experience of Using European C-ITS Standards in European Pilot Projects.

Denis Filatov, Technical Expert of the European Telecommunications Standards Institute (ETSI - France);

Digitisation of the STO Eco-system - Transition to the V2I Paradigm

Ivan Sergeevich Pekshev, CEO of CarCoin

Maksim Yurievich Strukalev, Vice President of Digital Era of Transport Association;
Topic to be confirmed
Aleksander Olegovich Gurko, Head of the AutoNet 2.0 Working Group*;
Aleksander Sergeevich Videnev, CEO of Sorb Group;
Representative of Yandex;

16:00 - 16:15

Coffee break

16:15 – 18:00

Roundtable Discussion 1.
“Smart City” and Urban Agglomerations: Introduction of ITS in Cities.

Roundtable Discussion 2. Telecommunication and Energy Infrastructure on Roads.

Roundtable Discussion 1 of 2.

“Smart City” and Urban Agglomerations: Introduction of ITS in Cities.

The “Smart City” concept of has strengthened its position. This area of focus is included in the program “Digital Economy of Russia”, and the Moscow Government has announced generation of its own program.

The session plans to take a fresh look at introduction of modern technological solutions in urban agglomerations.

Moderators:

Aleksander Nikolaevich Syomkin, Vice President, Digital Era of Transport Association, Chairman of GLONASS 57 Cluster.

Konstantin Yurievich Trofimenko, Director, Centre for Study of Transport Problems of Megalopolises, Institute of Transport Economics and Transport Policy (ITETP) at NRU Higher School of Economics (Moscow).

Presenters:

Solutions and Services Within the Smart City Framework;

Aleksander Valerievich Arkhangelsky, Deputy Mayor of Kaluga

Best practices of Using Photographic and Video Evidence Systems in Ulyanovsk Region

Vadim Sergeevich Zuikov, Director of Civilization ANO

Use of Simulation Modelling In Urban Transportation Infrastructure

Georgy Alexeevich Ivanov, Deputy Director of the Simulation Modelling Centre

Representative of Mostransproject

Topic to be confirmed

Representative - Resident of GLONASS Cluster, 57 (Belgorod Region)

Roundtable Discussion 2 of 2.

Telecommunication and Energy Infrastructure on Roads.

It is impossible to ensure development of any digital technologies in transport without extensive telecommunication and energy infrastructure. The roundtable discussion will address aspects of telecommunication technologies, network kinds and standards, computational technologies, connected DPCs, targeted functionality and services, providing reliability and information security.

Moderators:

Andrey Viktorovich Nikul, Director of the Federal Public Institution "Rosdoinformsvyaz"

Maksim Yurievich Strukalev, Vice President of Digital Era of Transport Association.

Speeches:

Konstantin Vladimirovich Marchenko, Deputy CEO of T8 LLC

Gennady Vasilyevich Kiryushin, Chairman of the Board of Directors, SMARTS

Alexei Yurievich Bogatyrev, Managing Partner of A2 Engineering*

Andrey Valerievich Batanov, CEO of NetbyNet (Megafon)*

Representatives of energy companies and providers of street lighting

Representatives of IT integrators

18:30 – 19:30

Dry run of Hackathon participants' projects

18:30 – 20:00

Socializing
